Notes

- Review your current degree progress via DegreeWorks on iROAR and [your degree requirements in the course catalog](#) before meeting with your advisor.
- After meeting with your advisor, create and save a registration plan [using the iROAR Plan Ahead tool](#) which is generally available 2-3 weeks [before registration opens](#). Your registration time ticket is shown in your Student Advising Profile in iROAR and is generally available 1 week [before registration opens](#). **You are responsible for making sure that you register for your classes in a timely fashion**; waiting beyond your time ticket date may result in you missing out on your top choices for classes and/or class times.
- Pre-registration is limited to 19 credits (16 if cumulative GPA is less than 2.0) but is automatically raised to 21 credit hours the day before the semester begins.
- A grade of C or better must be earned in all prerequisite courses (including CPSC and MATH courses) before enrolling in the next CPSC course.
- If your overall GPA falls below a 2.0, contact your advisor immediately regarding [academic eligibility](#).
- Any deviation from the recommended program of study should be discussed with your academic advisor or the undergraduate coordinator.
- It is the student's responsibility for ensuring all scholarship and financial aid requirements are met. Contact the [Office of Financial Aid](#) for any questions.
